

CHURCH IS OPEN!

Whether returning from a hiatus or visiting for the first time, we are glad you're here!!!

Please consider one of these two options to enjoy a safe worship experience at Calvary Chapel Eastside:

At Home ~ If you have an elevated temperature or compromised immune system, please join us online from the comfort of your home.

Come-In ~ If you're ready to assemble, please join us. Masks are optional. If you need a mask, complementary cloth and disposable masks are available in the lobby.

If you desire to be in an area where masks are worn at all times, we have reserved the Chapel (*upstairs/east side*).

This location has a live feed and windows that open to safety locks.

Parents with children may sign in through **KidCheck** stations on the first floor, near the Lobby Information Booth.

Parents are encouraged to set up accounts through the KidCheck app or website (go.kidcheck.com/signin.aspx?action=register), at home on any computer or smart device.

On Sunday morning, you will then be able to sign in your children from your home or car.

When you enter the church, select the print option on your mobile device, and then pick up your stickers at the Lobby Information Booth before taking your children to our COVID Safe environment in Room 204.

Though masks are optional, children must wear their badges for the entire time they are in the children's wing.

Parents **MUST** have a guardian receipt to enter the children's wing and pick up their child(ren).

We take the safety of our kids very seriously and hope our procedures will give parents a strong sense of security.

Hands-free water faucets and soap dispensers are available in all our restrooms.

In addition, we have hands-free sanitizer stations set up throughout the main concourse.

Seating Options

Inside the sanctuary, rows have been spaced to support social distancing.

In addition to the sanctuary, we have the Fragrance Free Zone in the back of the room with its own ventilation system, climate control, and restroom.

As mentioned, room 206 (*Chapel*) is a great option for those desiring more separation, with windows that open to safety locks.

This satellite has a live feed so you can follow what is going on in the sanctuary.

Please remember to pick up a communion packet in the lobby before heading to the Chapel.

So let the re-gathering of the saints begin! And may our Great God and Savior keep you safe and near His heart, always!

I am blessed to be your pastor,
Robert
